

## Limes - LETTO

—  
**Design Sergio Bicego**

Anno di produzione 2018

Production year 2018

[It] — Abbiamo guardato i nostri progetti più belli da un'altra angolazione: quella del dormire. Ne abbiamo rispettato il linguaggio estetico e mantenuto le funzioni intelligenti che li contraddistinguono.

Il letto Limes è un'isola mobile che naviga alzando leggere vele che si orientano come si orientano i sogni.

Benessere, qualità, funzionalità e bellezza sono gli armonici accordi che hanno guidato le nostre mani. Spettatore in una nuova esperienza artistica dove non esistono più confini tra l'uomo, l'abito e la casa.

### Struttura

Comprensiva di rete con doghe in legno, il giroletto è in legno imbottito con poliuretano espanso rivestito con velfodera accoppiata a fibra poliestere 150gr/mq.

I supporti della testiera sono in metallo con finitura cromata.

A scelta possono essere rivestiti in tessuto trapuntato e imbottito con fibra di poliestere oppure possono essere rivestiti con fasce di tessuto accoppiato a pressato 300gr/mq.

### Piedini

Altezza 14 cm in metacrilato trasparente a sezione rettangolare.

[En] — We've looked at our most beautiful projects from another perspective: sleep. We have respected the visual language and maintained the intelligent functionality that makes them stand out.

The Limes Bed is a mobile island that navigates by lifting up light sails that orient like dreams.

Well being, quality, functionality and beauty are the harmonious chords that have guided our hands. Become a spectator in a new artistic experience where the confines between people, fashion and the home no longer exist.

### Structure

It includes the bed base with wooden slats. Bedframe is in wood padded with polyurethane foam clothed with velfodera coupled to polyester fiber 150gr/sqm.

The headboard supports are in metal with chromed finish.

Optionally they can be clothed in quilted fabric padded with polyester fiber or can be clothed with bands of fabric coupled with pressed 300gr/sqm.

### Feet

14 cm high, in transparent methacrylate with rectangular section.

Misura rete / Size for bed base / **160x200 cm**  
LIMES

Testiere / Headboards
