

Ermes Chair

INFINITE EXPRESSIONS OF STYLE

Designer Archirivolto - 2018

A THOUSAND COMBINATIONS, FOR EVERY PERSONALITY

The sinuous Ermes chair can express an infinity of styles, combining the fabrics and leathers for the seat and for the back. Playing with the hues and tone-on-tone gradations of different materials, you can give the chair a different personality, in harmony with the interior around it. The back and ergonomic seat are upholstered to offer total comfort. The shaped metal structure, graphite in hue, renders the design light and elegant.
